## CONVICTS FOUGHT FIRE AT JOHNSON FARM LAST NIGHT

LARGE BARN BURNED ON CHAS.  
JOHNSON FARM NEAR GRAND  
DETOUR

### WORKED FROM DUSK TO MIDNIGHT

Honor Men Performed Heroic Acts  
— Brought Stock From Flames  
Others Would Not Brave.

Captain Keegan and his crew of forty-five convicts at Grand Detour took an heroic part and rendered valuable aid at a fire that destroyed a big barn on the Charles W. Johnson farm, a mile and a half north of Grand Detour on the Ridge road last evening, commencing at about seven o'clock. The damage was complete, as far as the barn was concerned, and a good many thousand dollars' worth of hay, cattle, etc., were destroyed in the flames.

J. W. Portner and family live on the place, and they were at supper when they discovered a blaze in the interior of the barn. It seemed to originate directly in front of the horse mangers. Before they could reach the barn the flames had gained great headway and they seemed helpless to save any of the contents of the big structure.

100 tons of hay, five horses, over 100 chickens, many hundreds of dollars worth of farm machinery, including a threshing machine, were destroyed in the flames.

#### Convicts Did Fine Work.

The convicts central is stationed on the Johnson place, and the central girl phoned at once to Captain Keegan at Camp Hope, asking his aid. Without hesitation he gave the word to the "boys" and they all started to the rescue. The men ran at top speed all the way to the fire, a half mile north of the camp, cutting through the woods, and arrived at the farm in time to render valuable service.

The flames were so menacing that none of the people at the farm dared to risk going into the barn after the stock, but when the honor men got there and took in the situation, they started to work in a businesslike manner, and witnesses of their actions say they took desperate chances and did heroic acts.

Several of the honor men took a desperate chance and rushed into the fire and smoke-filled interior of the barn and brought out and saved the lives of five head of cattle and two horses that otherwise would have perished.

One spectacular feature was the firing of the windmill. The top of the tower caught fire and none of the farmers would mount to extinguish the flames in the justified fear of taking chances with their lives, but the state wards were dauntless, and climbed the windmill and extinguished the fire. Captain Keegan had his men stationed on the roofs of the outhouses and granaries, as well as on the residence, which were threatened with fire. Several times sparks from the big blaze caught the roofs of the nearby buildings, but the men worked faithfully, pouring water and fighting the flames. The convicts were on the job from 7:30 o'clock until midnight, and would not leave until they were sure they had done all they could to help, and that no more danger was imminent.

Captain Keegan and his men deserve great praise for their work. The barn and hay were insured, but the stock, machinery, including wagons and plows outside the barn which caught fire and burned, are a total loss.

#### PREDICTS SUCCESSFUL

##### SEASON FOR TEAM

Coach Hogan of the Dixon union high school football team, predicts that the gridiron organization of the two schools will be stronger this year than for several seasons past, and encouraged by this prediction the eighteen candidates for places on the team are working especially hard, the rivalry between those who are after positions on the team being especially marked.

## WATERTOWN HOS- PITAL HAS 1,500 PATIENTS NOW

LARGEST NUMBER OF PATIENTS  
IN HISTORY OF INSTITUTION  
ENROLLED.

There are now 1500 patients at the Watertown hospital, the greatest number in the history of the institution; 200 men and women are employed in caring for them and in keeping up the institution.

Dr. J. A. Campbell, the new superintendent, says the housing of the attendants is the most serious problem he has to face. A new building for the purpose is needed, but relief cannot be had this year. The legislature has appropriated money for a women's dormitory, but the state treasury is empty and so nothing can be done until the revenues of next year come in. In the meantime it will be necessary to continue to shelter employes wherever room can be found for them. Many are crowded out of the old dormitory, and are housed in other buildings. A number have arranged quarters in the old amusement hall, an arrangement that has obvious disadvantages in the winter, especially.

Another building for which there is pressing need is one for the male tubercular patients, of which there are many. This has also been covered in the appropriation already made.

Dr. Campbell has been struck with the possibilities of landscape gardening in beautifying the grounds and means to use his efforts in this direction. The place, he says, can easily be made the most beautiful property of its kind owned by the state.

## FIRE ON MITCHELL FARM YESTERDAY

MEN WORKING NEARBY WERE  
ABLE TO EXTINGUISH THE  
BLAZE—FURNITURE BURNED.

Fire broke out in the farm residence on the L. W. Mitchell's Trunk farm on the Sterling road, yesterday afternoon and did considerable damage before it was extinguished.

The place is occupied by Bert Kested and family, and they were away from home. The fire, the origin of which is a mystery, started in one of the bed rooms and was noticed by Ellis Mason, who was working near there, about 3 o'clock. A gang of men were filling a silo nearby and they came to the rescue, carrying things from the house and fighting the flames. They succeeded in confining the fire to the one room and extinguished it. The main damage was the destruction of the furniture and interior of the bed room.

#### LION TAMER KILLED.

The young woman lion tamer, who did the sensational act with the lions in Gollmar's circus this season, was torn to pieces at Wausau a few days ago. She was attempting to put her head in the largest lion's mouth, when he attacked her and then the others sprang upon her.

#### CARD OF THANKS

Samuel McGaffey and family wish to extend their heartiest thanks to the friends and neighbors who helped so much and rendered such good service at the fire at their place recently.

Samuel McGaffey and Family.

#### HAS ENORMOUS APPLE.

Lee Ransom, residing in Nelson township, is displaying an apple from one of his trees which seems to hold the record for size and weight. The apple measures 16 1/2 inches in circumference and weighs 1 1/2 pounds.

## LARGE ATTENDANCE AT EELLS FUNERAL

HUNDREDS OF FRIENDS OF FORMER  
BANKER CAME TO PAY  
FINAL TRIBUTE.

WAS IMPRESSIVE SERVICE

Bishop Edsall, Rev. John Sage and  
Rev. Whitcombe Officiated—  
Was Beloved Man.

The funeral services for Samuel C. Eells, veteran banker of this city, were held this afternoon at 3 o'clock at St. Luke's Episcopal church. The edifice was filled to overflowing with sorrowing friends of the fine old gentleman, who had been a prominent and much-loved citizen of Dixon since his early days.

Bishop Edsall, Bishop of Minnesota, Rev. John Sage of Keokuk, Ia., formerly of Dixon, and Rev. A. B. Whitcomb officiated. A large number of the Dixon lodge of Elks, of which Mr. Eells was an honored member, were present.

The honorary pall bearers were C. J. Rosbrook, O. J. Downing, A. H. Tillson, James Clarke, W. J. McAlpine, A. C. Bardwell and A. K. Truesdell, all close friends of the former bank president.

The active pall bearers were all employes or former employes of the City National bank. They were W. C. Durkes, Frank Stephan, John Davies, D. M. Sizler, Hollis Drew and Harold Tenny. Burial took place in Oakwood cemetery.

The services were very impressive and beautiful and the large attendance was a touching tribute to the memory of him who will go down in history as one of the truly great men of Dixon, one who has taken a most active role in the front ranks of that brave band of pioneer settlers who have made Illinois the thriving, wealthy, cultured commonwealth it is.

## YOUNG MITCHELL RELEASED TODAY

FORMER DIXON STUDENT RE-  
LEASED FROM PAROLE—RE-  
PORTED TROUBLE IN GALES-  
BURG.

Gilbert Mitchell, the young man indicted for obtaining money under false pretenses while a student at Rock River Military academy a year ago and who, after pleading guilty, was placed in charge of Probation Officer Winn, was discharged by Judge Farrand in the circuit court today, his probation having expired.

Probation Officer Winn reported that the only breach of parole the young man had committed was his failure to make his reports regularly, but that he had been informed, the young fellow was wanted in Galesburg for a similar offense. Mitchell denied the charge, however, and promised to accompany his father to that city this evening and adjust the tangle there.

## MANSFIELD AND KAHN IN ROW

HAVE EACH OTHER ARRESTED  
AFTER MEETING IN  
AMBOY.

TRIAL NEXT MONDAY

Row Was Started Several Years Ago  
When Both Were Business  
in Rock Falls.

Sterling Gazette: David Kahn of Dixon and Wm. Mansfield of this city are cited to appear before a justice of the peace at Amboy next Monday, each giving bonds to the amount of ten dollars to be present. The two men have been at swords' points for a number of years, the row starting in Rock Falls several years ago, while both men were in business in that city.

#### Signal for a Row.

When these two men meet it is always a signal for a row. Last week Mr. and Mrs. Kahn attended the Amboy fair, where Mr. Mansfield was operating a fruit stand. When they met it resulted in a row, and calling each other pet names, unsuitable for publication. It is alleged that Mansfield's fruit stand was tipped over and his fruit scattered in all directions.

#### Another Sociable Time.

The two met again Monday in Amboy and it is alleged they proceeded to call each other a few more pet names, and somebody threatened to whip some other person. Kahn proceeded to a justice of the peace in Amboy and securing a warrant for the arrest of Mansfield, accused him of profanity.

#### Mansfield Arrested.

Mansfield was arrested just as he was about to leave the city. He was ready for trial, but Kahn asked for a continuance, whereupon Mansfield swore out a warrant for Kahn, accusing him of fracturing one or two laws. After hearing an argument of some length the judge set next Monday for trial and placed both men under bonds to appear in court on that date.

Y., Sept. 25.—Special to Telegraph—Governor Sulzer and his attorneys are so elated over the testimony so far presented at the impeachment trial that it was decided today it would not be necessary for the governor to take the stand in his own defense, but that it would be advisable for him to do so in order to "show up" Tammany.

## POINTERS ON HOW TO GET SEED CORN

ASSOCIATION ISSUES PAMPHLET  
OF INSTRUCTION FOR THE  
CARE OF CORN.

TELLS WHERE TO STORE SEED

Each Depends on Selection of Seed  
and Its Care Through the  
Winter Months.

King Corn is coming into its own once more and each succeeding year, until now societies have been formed the sole object of which is to teach the farmers the importance of this popular cereal and to teach all the proper methods to insure a good corn crop. An idea of the magnitude of the "corn encouragers" may be gained by the publications which have been received by County Superintendent L. W. Miller for free distribution among the farmers of the county.

Two of the pamphlets are issued by the American Manufacturers' Association of Products from Corn and are entitled "Process of the Manufacture of Corn Products" and "Corn and Its Uses," while the third is from the International Harvester company and is captioned "Harvest Seed Corn Before Freezing."

All of the works, copies of which may be secured by applying to Prof. Miller, are of exceptional interest, and show the importance of America's great crop. And a summary from the booklet dealing with the gathering of seed corn is of especial importance. Every farmer will undoubtedly be interested in the following scientific summary of the work:

#### Summary.

Gather seed corn before the average time for the first killing frost in your community.

Select seed ears only from well matured, sturdy stalks with ears at a uniform height from the ground.

Save at least double the amount of seed required for your next year's crop.

Hang it in a dry, well ventilated place, where it will not become damp or heated.

Store it as soon as gathered; corn piled on ground or floor molds very quickly.

Test each ear before planting and discard all ears showing poor vitality.

Select one hundred of the best ears and plant on one side of the field to save seed for the following year's crop.

Remove or detassel weak, barren and undesirable stalks from the seed plot before the pollen begins to fall.

In case you try an imported variety of corn, do so on a small scale for a few years or until the seed becomes thoroughly acclimated; in the meantime use a high yielding, home-grown variety for the major portion of your crop.

Good Places to Store Corn  
Spare room or well ventilated attic.

Dry ventilated cellar — furnace room if possible.

Dry shed.

#### Bad Places to Store Corn

Stable over or near stock.

Over oats or corn.

Damp cellar.

Closed attic over kitchen.

Any damp, close place.

Out in sunshine.

In piles on floor.

In boxes or barrels.

#### START ON SECOND STREET PAVEMENT

Contractor Welch this morning commenced work on the Second Street pavement, a large force of men being put to work breaking up the street preparatory to sub-grading and laying of brick.

**I**N BUYING CLOTHES you ought to know what you're going to get; fit, style, quality of fabric and materials, tailoring; you can't tell much about it until you see the clothes, whether you have them made-to-measure or buy them ready. Even then the important things are those you can't see.

Correct style, all-wool fabrics, the tailoring that will give permanent shape and fit; your eyes don't tell you about these. They are something more than words which a salesman use; they are underlying facts. They depend on the makers' skill, and ability, and purpose.

at \$25 put all these things in the clothes for you. You'll get better value, we believe, than in any other goods. We mention \$25 as a price most of you can afford to pay; considering what you'll get for it, almost anyone can afford it.

### Musical Tones in Architecture.

It has long been believed that each of the mammoth buildings of the world will vibrate in response to some special musical tone. Architects believe they have found the tones for such famous structures as the Cathedral at Cologne, Notre Dame in Paris, and St. Paul's in London. Certainly it is true that each of these buildings returns to the ear of the listener that one tone intensified and augmented to a surprising extent. The corollary statement that this keynote, if sounded long enough and with sufficient force, would bring disaster, has never been proved. When the conversation turns to the skyscraper, one often hears timorous folks say, "Well, it's all very fine for those who like it, but I'd rather stay nearer the ground." Yet the steel and stone giants where the elevators whirl up twenty, thirty, forty, fifty stories, have stood all the tests their histories have made possible, and there, far above the dust and turmoil of the streets, thousands pursue their business in absolute safety.—Christian Herald.

## New Use for Beggars.

A hotel keeper in the suburbs of Paris, having been much troubled with mendicants, put a wheel near the entrance to the building, and above it was placed a sign reading: "Charity degrades both him who gives and him who takes. Turn this wheel 100 times, and get half a franc." Numerous beggars applied for leave to turn the wheel, until the discovery was made that the force employed was utilized to draw water from a well which served a practical purpose in a nearby orchard and hostelry. Then, according to the story, no beggars were seen in the vicinity. — Harper's Weekly.

## New Artificial Flowers.

A new process of manufacturing artificial flowers is effected by the use of the inner skin of an eggshell. These can hardly be distinguished from the natural flowers, so perfect are they. Owing to the chemical treatment which it undergoes it has been rather difficult so far to produce a perfect white flower, but great success has been accomplished with those of color. A novelty in flowers is a large single rose made of velvet or heavy silk and finishing every petal is the narrowest border of fur imaginable. These roses are used for corsage bouquets.

## "Goats" in Mercantile Life.

There are large city stores which hire women to serve as "goats" when customers get angry and have to be appeased by what they take to be the summary discharge of an offending employee. The "goat," of course, is plainly not the clerk with whom fault is found, but is called into the office as the person in charge of the department and so held responsible. This is one of the tales of queer occupations for which the United States census bureau is responsible.

## GOOD ADVICE FROM PULPIT

A downstate preacher handed out from his pulpit some chunks of wisdom as follows:

Do not marry the young woman who allows herself to float around the neighborhood in a top buggy or automobile until 2 o'clock in the morning with a counterfeit sport with a weak jaw and weaker morals.

Do not marry the young woman who insists on changing partners six nights a week in the front parlor with the lights turned low.

Don't marry a tube skirt woman who has been pawed over by every yap in the community.

To which another philosopher has this:

Girls, do not marry any fellow who is doing the things enumerated. Don't tie up for life to the tin-horn sport whose sole ambition is to suck cigars and sow wild oats.

Making customers  
vs. making sales

We like to make sales—but we  
like better to make friends.

We never could see  
the profit in a sale  
that cost a customer.

We think of this every time we buy goods. We keep it in mind every time we make a sale. All our salespeople are trained to the same policy—"It is better to lose a sale than lose a customer's confidence."

That is why we never have goods too cheap to be safe.

That is why we sell Wooltex coats, suits and skirts.

And that is why we are making new customers daily---and keeping them.

## SLAYER IN CHICAGO?

Murderer of Indianapolis Merchant Sought by Police.

San Francisco Officers Arrive Here Thought to Be "Double" of Joseph Ellis.

Chicago, Sept. 25.—The police of this city have searched practically every hotel in the loop district for Joseph Ellis, alleged slayer of Joseph Schlan- sky, a clothing merchant, who was lured to a hotel in Indianapolis, Ind., and then murdered.

Joseph Schlan- sky, a clothing merchant, who was lured to the Onida hotel Monday night, beaten and strangled to death.

The hunt in Chicago for Ellis followed a story told by a newsboy, who conducts a stand for out of town newspapers.

A stranger nervously approached the stand and bought an Indianapolis paper. An hour later he returned and bought another paper. He glanced at the first page and hurried away.

Wilson, who noticed the man's strange actions, looked at another copy of the paper to see what had so excited the stranger. On the front page he saw a picture of Ellis and recognized it as that of the man who had just left his stand.

Ellis is known to have been in Chicago recently and disposed of jewelry stolen at Louisville. He then went to Indianapolis and is believed to have returned to the city after the murder.

A man who resembles Ellis has been arrested in San Francisco and is being held there awaiting extradition to Pittsburgh where Ellis committed a former crime. The man in San Francisco gives the name of Fred Brokaw, and while admitting that the picture printed as that of Ellis is his, denies he had any connection with the Indianapolis murder, and the Indianapolis police believe him.

They have formed the fantastic theory that Brokaw and Ellis are "doubles" and that they took advantage of this fact by committing the same kind of crimes and then establishing alibis for each other by their resemblance. The man under arrest in San Francisco seems to have established an alibi as far as the Indianapolis crime is concerned.

Audra Baker Anderson, who says she was married to Ellis in Danville, Ill., under the name of Anderson, tried to kill herself in Indianapolis. The girl, who is only sixteen years old, is not expected to recover.

## M'ADOO "WIRES" MILLIONS

Chicago Bank Gets U. S. Credit on Illinois Crop Moving Fund.

Washington, Sept. 25.—The secretary of the treasury wired Len Small, assistant treasurer at the Chicago sub-treasury, to place \$2,000,000 to the credit of the Continental and Commercial bank. This bank was designated some weeks ago to handle the crop moving funds appropriated to Illinois.

## JANE ADAMS IN AUTO CRASH

Settlement Worker Is Frightened but Not Injured.

Pittsburgh, Pa., Sept. 25.—Jane Addams, who is here attending a sociological conference, is recovering from fright and shock of an automobile accident. The car in which Miss Addams and several friends were riding blew a tire and crashed into a high bank. No one was injured seriously.

Captains to Judge Children. St. Louis, Sept. 25.—Chief of Police Young issued an order directing district police captains to act as neighborhood juvenile judges. They will settle out of court cases against boys and girls that are brought before them by patrolmen.

## MAMMA, DADDY AND THE CHILDREN CAN ALL TAKE "CALIFORNIA SYRUP OF FIGS."

Harmless "fruit laxative" cleanses stomach, liver and bowels

A delicate cure for constipation, biliousness, sick headache, sour stomach, indigestion, coated tongue, salivaceousness—take "California Syrup of Figs." For the cause of all this distress lies in a torpid liver and sluggish bowels.

A tablespoonful tonight cleanses all constipation, poison, waste matter fermenting food and sour bile gently moved out of your system by morning without griping. Please don't

think of "California Syrup of Figs," as a physic. Don't think you are drugging yourself or your children, because this delicious fruit laxative can not cause injury. Even a delicate child can take it as safely as a robust man. It is the most harmless effective stomach, liver and bowel regulator and tonic ever devised.

Your only difficulty may be in getting the genuine; so ask your druggist for a 50-cent bottle of "California Syrup of Figs." Say to your druggist, "I want only that made by the 'California Fig Syrup Company.'" This city has many counterfeit "fig syrups," so watch out.

## GIFT TO SULZER TOLD BY SCHIFF

Testifies Governor Asked Him for More, But That He Refused.

### MONEY PERSONAL PRESENT

Henry Morgenthau Declares That He Placed No Restrictions on \$1,000 Donation—Banker Bars Identification.

Albany, N. Y., Sept. 25.—Governor Sulzer was free to use the \$2,500 check given him by Jacob H. Schiff, a New York banker, in any way he chose. The banker so testified on the witness stand at the impeachment trial of the governor. The designation of the check across its back as a contribution to the governor's campaign fund did not restrict its use to that purpose, Mr. Schiff said.

Henry Morgenthau, ambassador to Turkey, formerly chairman of the finance committee of the Democratic national committee, testified that when he gave the governor a check for \$1,000—a personal contribution—he placed no limitations on its use. He said, however, that he made the gift to help the governor in his campaign, and was "foolishly generous."

These are two of the alleged campaign contributions which the articles of impeachment against the governor charge that he misused.

Judge Construes Testimony.

"It possibly cannot make any difference in this case, but if I were sitting in a criminal prosecution," said Judge Edgar M. Cullen, president of the court, "I should have to charge the petit jury that if the owner consented to the use in any manner of the money or check given by the party to whom it was delivered such use would not constitute larceny."

Judge Cullen overruled the motion without prejudice to its merits and recommended that decision be reserved until the testimony was all in. This recommendation—called a pro forma opinion—was adopted by the court by a vote of 4 to 7. The negative votes were all cast by Democratic senators.

To Attack Tammany Hall.

Intimation of the attack it is reported the governor will make on Tammany hall in presenting his side of the case earlier in the day. Mr. Marshall asked Secretary of State May if he had in his files a campaign report of the general committee of Tammany. Mr. May replied that no such report had "officially" come to his notice, and that he was unaware of any such report had been filed.

Sulzer Denies All Charges.

Immediately after the court postponed decision on the motion to eliminate three charges Mr. Sulzer's answer to all the charges, a general denial, was filed with the court. Eugene Lamb Richards opened the case for the prosecution, denouncing Sulzer's course, and outlining what he and his associates would attempt to prove. Then Albert Wolfe testified he had taken Sulzer's oath to his campaign affidavit of November 13, 1912, and Mr. May was called on to produce the campaign statement filed with the secretary of state.

### PALZER BEATEN BY MILLER

San Francisco Fighter Outfights Iowan at New York.

New York, Sept. 25.—Charlie Miller of San Francisco defeated Al Palzer in a ten-round bout at the St. Nicholas Athletic club. Each weighed 220 pounds. "The Fighting Motor-man" from the Pacific coast put the finishing touches to the Iowa farmer as "white hope." Palzer was slow, lacked recuperative powers and went through the prescribed ten rounds on gameness and an occasional straight punch. In three rounds Palzer had the upper hand, but he was too weary to take advantage of wide openings.

### ALFONSO'S GUARDS REVOLT

Refuse to Embark for Service in Morocco.

Madrid, Spain, Sept. 25.—A mutiny broke out in the ranks of a battalion of the Spanish Royal guard at the moment the troops were leaving Algeciras for the scene of fighting in Morocco.

A number of the soldiers belonging to this, the most aristocratic regiment in Spain, refused to embark and resisted their officers.

Fighting ensued in which one man, the standard bearer of the regiment, was killed, and several injured.

### "VETS" ELECT SEVEN HEADS

Old Soldiers Hope to Have Leader at End of Year.

Battle Creek, Mich., Sept. 25.—Because so many deaths occurred in 1913, thinning the ranks, veterans of a Michigan battalion, the Merrill Horse, elected seven vice-presidents to insure having a president all year.

### Diphtheria Closes Town's Schools.

Boswell, Ill., Sept. 25.—An epidemic of diphtheria caused the closing of the schools at Boswell and Oak Grove. Four deaths were recorded in twenty-four hours.

## TWO DIVORCES MAY FOLLOW BIG SUIT

Both Mrs. Blake and Mrs. C. H. Mackay Believed to Be Planning Such Pleas.

### GOTHAM SOCIETY IS SHOCKED

Papers in Alienation Case Served on Wife of Wealthy New Yorker—\$6,000,000 Estate Transferred.

New York, Sept. 25.—In addition to the Blake-Mackay alienation suit for \$1,000,000 begun by the wife of Dr. Joseph A. Blake against the wife of one of the best-known and wealthiest Americans, Clarence H. Mackay, two more actions are expected.

Mrs. Blake will soon make an appeal to the courts for a legal separation from her husband, while Mrs. Mackay, it is reported authoritatively, has already taken the preliminary steps to obtain a full divorce by establishing a residence in Maine. After one year's stay there a divorce may be asked for on the grounds of desertion.

Likely to Sue Mackay. According to this plan, Mrs. Mackay is to appear as plaintiff in the suit against her husband, who is not expected to offer a defense.

Mrs. Mackay leased a house in Portland, Me., a few weeks after her husband's departure for Europe last June, taking with him the three children.

Mrs. Blake may attack the transfer of the \$6,000,000 Mackay estate at Roslyn, L. I., to trustees.

Gotham Society Shocked.

The news that Mrs. Catherine Ketcham Blake, wife of Dr. Joseph A. Blake, had served a summons and complaint on Mrs. Clarence H. Mackay in a suit for \$1,000,000 damages, charging the alienation of the affections of Doctor Blake, caused a general shock to New York society. The friendship between the wife of the principal owner of one of the two great telegraph systems of this country and many cable lines and Doctor Blake has for more than a year been the subject of gossip.

Recalls Mysterious Nurse.

From nurses at the Nassau hospital at Mineola, near the country home of the Mackays, and at the Presbyterian hospital have come stories of the presence at Doctor Blake's most interesting operations of a strikingly handsome woman dressed in a nurse's uniform, whose bearing and conduct seemed to indicate that she was not a nurse at all. It was said in the hospitals that the strange "nurse" was Mrs. Mackay.

The transfer of all Mrs. Mackay's property rights in the \$6,000,000 estate at Roslyn to a trusteeship for Mr. Mackay and their son last February was believed to be partly explained by the threat of Mrs. Blake to sue Mrs. Mackay.

### BARS EDISON FROM OFFICE

Boy Forces "Wizard" to Wait for Appointment With Himself.

Orange, N. J., Sept. 25.—A white haired man made his way to the hall on the first floor of the Edison laboratory and was about to enter the library when he was intercepted by an office boy who had been employed two days ago.

The boy knew that Thomas Edison was ill at home and that the stranger had no appointment with the inventor. The white haired man was compelled to take a seat in the lobby while the boy summoned W. H. Meadowcroft, Mr. Edison's secretary.

In a minute the Edison representative was in the hall and recognized the "wizard" himself. Mr. Edison enjoyed the joke at the expense of the office boy.

### STARTING SHOT WOUNDS TWO

Deputy Sheriff Injures Pair While Getting Autos Away in Race.

Centerville, Ill., Sept. 25.—Willard Postwick was shot in the arm and a stranger slightly wounded in the neck at the Marion county fair grounds while watching the starting of an automobile race by Deputy Sheriff Lucien Beasley. The two men who were wounded were in the judges' stand above him. He fired the starting shot upward and the bullet hit the men. Neither wound is serious.

### DRAW GUNS IN LEGISLATURE

Speaker Declares Lower Tennessee House Adjourned.

Nashville, Tenn., Sept. 25.—A conciliatory speech by Representative A. L. Todd, after Speaker Stanton arbitrarily had declared the lower house of the Tennessee legislature adjourned is credited with having averted what threatened to be a serious disturbance. An uproar followed the ruling, physical clashes were eminent, and it is declared, weapons, even, were drawn.

## START BIG WAR FUND

ULSTER MEN PLAN TO RAISE \$5,000,000 FOR CAUSE.

Great Council Intends to Fight Home Rule if Accorded—To Set Up New Government.

Belfast, Sept. 25.—The embryo "parliament of Ulster," known now as the Ulster Unionist council, assembled in secret meeting in Ulster hall to plan for a provisional government if the home rule bill becomes law. Subsequently it announced its work as follows:

"All the steps have been taken for repudiating and resisting the decrees of a nationalist parliament and for taking over the government of the Province for Ulster in trust for the British nation."

Articles of an Ulster constitution, likened to the American Declaration of Independence, were approved by the 600 delegates. A fund was started to indemnify relatives of any killed or wounded among the Ulster volunteers. This fund will "amount to at least \$5,000,000," according to an announcement.

The marquis of Londonderry, former lord lieutenant of Ireland, was chairman.

Retired Admiral Lord Charles Beresford is among those chosen as members of the provisional government.

London, Sept. 25.—The morning papers devote columns to the obituary of Patrick Ford, dilating on his alleged plot to set fire to London during the land agitation. The Express declares Mr. Ford's death on the date of the Ulster conference is an ominous portent or the home rulers.

### SIX WOMEN'S MINIMUM WAGE

Industrial Welfare Commission of Oregon Adopts New Ruling That Will Become a Law.

#### MISLEADING NEWS HIT BY DANIELS

Navy Secretary Urges Newspaper Men Show Patriotism in Nation's Crises.

#### CASE OF MEXICO IS CITED

Holds Press Errors Led Huerta to Think President Was Not the People—Makes Address in Indianapolis.

Indianapolis, Ind., Sept. 25.—Josephus Daniels, secretary of the navy, in an address at a banquet given by the Indiana members of the Associated Press, appealed for patriotism in the American press, with phases of the Mexican situation presented as an example of the result of misleading news paper publications.

"Provisional President Huerta in his recent message to the Mexican congress," said the secretary, "made a statement which arrested the attention of every American when he said: 'Besides the fratricidal strife which exhausts us, the tenseness of our diplomatic relations with the government of the United States, although luckily not with that people, has retarded the complete pacification of the republic.'"

Blames Editors for Errors. "What was the basis which led Huerta into his error? What plausible ground did he have for asserting that public opinion was not behind the president of the United States?"

"Of course, the wish was father to the thought with General Huerta, but it must be admitted that the attitude of some of the newspapers of the United States and occasional expressions by well-known Americans might have given the impression that the people were divided in their opinion on this subject of the recognition of the Huerta regime."

"It is far from my purpose to call in question that the editors of these newspapers and others were conscientious in their convictions. They are all most excellent gentlemen and patriots at heart, but they were misguided by misunderstanding the true situation and misjudging the sentiment of the people of this country."

President's Voice Is People's. "When executive action becomes necessary and the president, before the world, takes a stand on any foreign affair, the world must know that he is asserting the will of the nation, which the people are ready if need be to execute by force of arms. Party differences are overcome by the logic of that situation."

"At such a moment attack on the declared foreign policy of a president raises a question not only of morality and ethics, but one of loyalty to the government, for the interests of the nation, not of a party, are at stake."

"If the American press publishes what unjustly inflames the American mind against another nation, is it not to be expected that a sensational press of the other country will copy such inflammatory utterances and reply in kind? If a conflagration follows, who except the unwise editors dug the graves that war causes?"

Savannah A. C. Announces "Classics" Will Be Held.

New York, Sept. 25.—President Harvey Granger of the Savannah Automobile club announced here that the grand prize and Vanderbilt cup races scheduled for the Savannah course, November 24 and 27, had not been abandoned. He stated that road races would be held, providing a minimum entry of ten cars was secured for each race.

Present indications point to a field of from twelve to fifteen cars for each automobile classic, according to Mr. Granger. The events will be called off if the minimum entry is not received by October 5. No attempt will be made to induce entries by waiving or reducing entrance fees.

## Stoves and Ranges

Our new goods are on the floor  
ready for your inspection.

We want to show you some ranges  
that cannot be equaled for durability.

Good work, good looks and the prices, un-  
like many so-called high grade ranges are not  
exorbitant.

We have a line of high grade Cook Stoves  
at from \$15 to \$25 that are welcomed by  
those who are trying to keep down the cost  
of living.

The Heaters we sell are the very best we  
can find but the prices are reasonable.

There are volumes being written about the high  
cost of living but there will not be any change as long  
as the public continues to pay the high price.

If every body would use butterine, butter would  
have to come down because there would be no sale  
for it. Why not help to reduce this high cost?

Butterine is pure, clean and wholesome and is  
very hard to distinguish from butter. We are speak-  
ing of the high grade butterine which costs only 25c  
per pound. Include a pound of our best in your next  
order.
